

Breast Reconstruction: *State of the Art 2016*

Friday – Saturday:
November 18 – 19, 2016

Registration Online At:
med.nyu.edu/cme/breastrecon

Provided by NYU Post-Graduate Medical School

Breast Reconstruction: *State of the Art 2016*

Friday – Saturday: *November 18 – 19, 2016*

*NYU Langone Medical Center
550 First Avenue
Alumni Hall, Classroom B
New York, NY 10016*

COURSE DIRECTORS: *Nolan S. Karp, MD • Mihye Choi, MD • Robert J. Allen, MD, FACS*

General Information

LOCATION

NYU Langone Medical Center
Alumni Hall, Classroom B
550 First Avenue
New York, NY 10016

CONTACT INFORMATION

NYU Post-Graduate Medical School
Phone: (212) 263-5295
Fax: (212) 263-5293
Email: cme@nyumc.org

ACCREDITATION STATEMENT

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

The NYU Post-Graduate Medical School designates this live activity for a maximum of 16.50 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE STATEMENT

The NYU Post-Graduate Medical School adheres to ACCME accreditation requirements and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified conflicts of interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships, as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty, will be fully noted at the meeting.

HOTEL ACCOMMODATIONS

Rooms are in very heavy demand in New York City; we urge you to make your reservations early. You may obtain a list of hotels located near NYU Langone Medical Center by visiting our website:
www.med.nyu.edu/cme/travel

PARKING

For information, please visit
<http://nyulangone.org/locations/tisch-hospital/parking>

We cannot validate parking for registrants.

COURSE FEES

Full Fee: \$975

Reduced Fee*: \$475

NYU Langone/NYU Lutheran

Residents & Fellows:

Waived (must provide a valid NYU Langone/NYU Lutheran ID)

** Reduced Fee applies to current residents and fellows; all other non-physician healthcare professionals; and full-time active military personnel*

Gala Reception & Dinner ONLY: \$100

Note: Gala Reception & Dinner admission is included in Full fee. Reduced fee registrants will need to purchase Gala ticket separate.

CME Information

COURSE DESCRIPTION

Current developments in breast reconstruction surgery, including data/results and safety recommendations are not being disseminated in a single educational activity. There is no course, currently available, that is purely reconstructive and covers topics from A-Z. This course intends to bring experts with a great deal of experience in all areas of breast reconstruction together. The program will address all of the factors relative to surgical indications and selection of appropriate techniques for reconstruction of the breast. The course will discuss all the latest indications and techniques for implant-based breast reconstruction and will include lectures on all commonly performed flaps used for breast reconstruction with extensive discussion of perforator flaps. Fat grafting to the breast will be presented in comprehensive detail. The indications and treatment for upper extremity lymphedema will be discussed as well. We will feature at least one case of a live perforator flap surgery.

TARGET AUDIENCE

Plastic Surgeons

STATEMENT OF NEED

- Nipple-sparing mastectomy is being performed in many breast centers throughout the country. While still a new technique, it is a procedure that warrants serious consideration when mastectomy is needed to treat cancer or desired for risk reduction. In the cancer setting, strict selection criteria should be followed at all times. It is essential that the practicing plastic surgeon be updated on the indications, techniques, and proper execution of nipple-sparing mastectomy with reconstruction.
- Pre-pectoral implant-based breast reconstruction is a new and evolving technique. Surgeons need an introduction to the indications and operative techniques for this procedure.
- Fat injection as an adjunct in breast reconstruction is a new topic that is still controversial. This technique allows fine-tuning and recontouring of the reconstructed breast. In a breast that has been radiated, fat injection may promote an increase in blood supply to the area and may aid in reversing the effects of radiation damage. Practicing surgeons need to understand the physiology of fat injection, as well as methods for evaluating its use.
- A new surgical option for breast cancer patients combines removal of the cancerous tumor with breast reduction in one surgical procedure, known as oncoplastic surgery. Benefits include improved cosmetic outcome and reduced risk of complications, particularly for large-breasted women. For these women the alternative is either mastectomy or lumpectomy, both of which may result in a significant breast deformity. This procedure allows for a greater margin of resection.
- An ideal reconstructive technique should be safe with no resultant long-term morbidity. Replacing the breast with tissue of similar texture produces a desired aesthetic result. Autologous breast reconstruction is not new, but harvesting flaps with minimal donor site morbidity is an evolving concept that warrants much attention. Perforator flap techniques, flap innervation and optimal aesthetic goals will be emphasized.
- Lymphedema remains a common problem after treatment for breast cancer. Surgeons need to review the science of lymphedema and discuss the surgical strategies available for treatment.

Faculty

EDUCATIONAL OBJECTIVES

At the conclusion of this activity, participants should be able to:

- Describe the indications for nipple-sparing mastectomy and establish criteria to select patients who will benefit from this technique
- Describe the indications and determine the best techniques of pre-pectoral implant-based breast reconstruction
- Determine the best algorithms for implant and autologous breast reconstruction in the setting of radiation therapy
- Describe the causes and best treatment options for upper extremity lymphedema after treatment for breast cancer
- Determine the appropriate indications and techniques for fat injection after breast reconstruction
- Perform oncoplastic surgery when appropriate to achieve improved cosmetic outcomes and reduce the risk of complications
- Incorporate the use of perforator flaps in breast reconstruction for a result that is living and durable and aesthetic

COURSE DIRECTORS

Nolan S. Karp, MD
Mihye Choi, MD
Robert J. Allen, MD, FACS

NYU LANGONE FACULTY

Alexes Hazen, MD, FACS
Jamie P. Levine, MD
Carmen A. Perez, MD, PhD
Pierre Saadeh, MD
Vishal D. Thanik, MD

INVITED FACULTY

Mark W. Clemens, MD, FACS
Amy S. Colwell, MD
Joseph H. Dayan, MD
Jin Sup Eom, MD, PhD
David T. Greenspun, MD, MSc, FACS
Karen M. Horton, MD, MSc, FACS
Steven Jacobson, MD
Peter J. Korn, MD
Steven J. Kronowitz, MD, FACS
Albert Losken, MD
Patricia McGuire, MD
Babak J. Mehrara, MD
Terence M. Myckatyn, MD
Steven M. Pisano, MD
Michel Saint-Cyr, MD, FRCSC
Hani Sbitany, MD, FACS
Barbara L. Smith, MD, PhD
Mark L. Smith, MD
Aldona J. Spiegel, MD
Liza C. Wu, MD

Program

Friday, November 18, 2016

- 7:00 am Registration and Continental Breakfast
7:45 Welcome and Introduction
Robert J. Allen, MD, FACS; Mihye Choi, MD and Nolan S. Karp, MD

NIPPLE-SPARING MASTECTOMY PANEL

- 8:00 What are the indications for Therapeutic Nipple-Sparing Mastectomy?
Barbara L. Smith, MD, PhD
8:15 How to do Nipple-Sparing Mastectomy Safely: So Reconstruction has a Chance to Work?
Nolan S. Karp, MD
8:30 Nipple Delay in Nipple-Sparing Mastectomy
Joseph H. Dayan, MD
8:45 Optimizing Nipple Position after Nipple-Sparing Mastectomy
Mihye Choi, MD
9:00 Panel Discussion/ Question and Answer
Moderators: *Mihye Choi, MD and Nolan S. Karp, MD*

IMPLANT-BASED BREAST RECONSTRUCTION PANEL

- 9:15 One-Stage Subpectoral Breast Reconstruction
Amy S. Colwell, MD
9:30 One-Stage Pre-pectoral Breast Reconstruction
Steven Jacobson, MD
9:45 How I Decide Whether to Put my Implant Subpectoral or Prepectoral
Hani Sbitany, MD, FACS
10:00 Form-Stable Implants in Unilateral and Bilateral Breast Reconstruction
Patricia McGuire, MD
10:15 Selection of Anatomic Implants for Asian Breast Reconstruction
Jin Sup Eom, MD, PhD
10:30 NSM and Implant Reconstruction in the Large and Ptotic Breast
Jamie P. Levine, MD
10:45 Choices in Breast Support in Implant-Based Breast Reconstruction
Nolan S. Karp, MD
11:00 Intraoperative Assessment of Mastectomy Flaps
Albert Losken, MD
11:15 Panel Discussion/Question and Answer
Moderator: *Amy S. Colwell, MD*
11:30 Coffee Break

FAT GRAFTING IN BREAST RECONSTRUCTION

- 11:50 The Science of Fat Grafting
Steven J. Kronowitz, MD, FACS
12:05pm Different Techniques of Fat Harvest and Processing
Terence M. Myckatyn, MD
12:20 Fat Grafting as an Adjunct to Implant and Autologous Breast Reconstruction
Hani Sbitany, MD, FACS
12:35 Cancer Recurrence After Fat Transfer: Craft Study
Terence M. Myckatyn, MD
12:50 Panel Discussion/Question and Answer
Moderator: *Alexes Hazen, MD, FACS*
1:05pm Lunch

AUTOLOGOUS BREAST RECONSTRUCTION EFFICIENCY IN ABDOMEN-BASED BREAST RECONSTRUCTION

- 2:00 Private Group Practice
Steven M. Pisano, MD
2:15 Solo Practice
David T. Greenspun, MD, MSc, FACS
2:30 The Role of Two Surgeons in Microsurgical Breast Reconstruction
Vishal D. Thanik, MD
2:45 Tips and Tricks to Improve Outcomes and Efficiency
Michel Saint-Cyr, MD, FRCSC
3:00 Choosing the Best Donor Site for Autologous Breast Reconstruction
David T. Greenspun, MD, MSc, FACS
3:15 The Mommy Makeover with DIEP Flaps and How TV and Social Media Have Made the Mommy Makeover More Acceptable in Society
Karen M. Horton, MD, MSc, FACS
3:30 Panel Discussion/ Question and Answer
Moderator: *David T. Greenspun, MD, MSc, FACS*

FLAP INDICATIONS PANEL

- 3:50 PAP, LTP and Buttock Flaps
Robert J. Allen, MD, FACS
4:05 DUG Flap
Joseph H. Dayan, MD
4:20 Fleur-De-Lis Gracilis
Peter J. Korn, MD
4:35 Fat Grafted Latissimus
Michel Saint-Cyr, MD, FRCSC

Program (Con't)

TAKING AUTOLOGOUS RECONSTRUCTION TO THE NEXT LEVEL PANEL

- 4:50 **The Lower DIEP Flap – Use of the Lowermost Abdominal Tissue Without Umbilical Translocation**
Jin Sup Eom, MD, PhD
- 5:05 **Tips and Tricks to get the Best Aesthetic Result with Autologous Breast Reconstruction**
Liza C. Wu, MD
- 5:20 **Innervation of Autologous Breast Reconstruction**
Aldona J. Spiegel, MD
- 5:35 **Autologous Breast Reconstruction in the Large/Ptotic Breast**
Aldona J. Spiegel, MD
- 5:50 **When One Flap is Not Enough: Stacked Unilateral and the “Four Flapper” Bilateral**
Robert J. Allen, MD, FACS
- 6:05 **Shaping the DIEP for Asian Breast Reconstruction**
Jin Sup Eom, MD, PhD
- 6:20 **Panel Discussion/ Question and Answer**
Moderator: *Aldona J. Spiegel, MD*
- 6:40 pm **Adjourn**

SATURDAY NOVEMBER 19, 2016

- 7:00 am **Registration and Continental Breakfast**
- 8:00 **Live Surgery (Cases subject to change)**
Moderator: *Nolan S. Karp, MD*
- Room 1: Perforator Flap Breast Reconstruction**
OR Moderator: *Jamie P. Levine, MD*
- Room 2: Either Partial Breast Reconstruction With Local Flap and/or Prepectoral Implant-Based Breast Reconstruction**
OR Moderator: *Jamie P. Levine, MD*

THESE LECTURES AND PANELS WILL OCCUR CONCURRENTLY WITH THE LIVE SURGERY

- Update on ALCL**
Mark W. Clemens, MD, FACS
- Hybrid Nipple Reconstruction, Combining Flap and Composite Graft**
Jin Sup Eom, MD, PhD
- The Use of Social Media to Expand and Promote Your Breast Reconstruction Practice**
Karen M. Horton, MD, MSc, FACS

ONCOPLASTIC TECHNIQUES

- Introduction in Techniques in Oncoplastic Breast Reconstruction**
Albert Losken, MD

Partial Breast Reconstruction with Flaps

- Joseph H. Dayan, MD*
- Breast Reduction Techniques to Reconstruct Partial Mastectomy Defects**
Steven J. Kronowitz, MD, FACS

- 10:15 **Coffee Break**
- 10:30 **Live Surgery and Lectures**
- 12:15 pm **Lunch**

RADIATION PANEL

- 1:15 **Radiation to the Breast after Implant or Flap Based Reconstruction: How do we Minimize Risks and Still Treat the Patient Effectively?**
Carmen A. Perez, MD, PhD
- 1:30 **Radiation After Implant Reconstruction the UCSF Experience**
Hani Sbitany, MD, FACS
- 1:45 **Radiation After Implant Reconstruction the MD Anderson Experience**
Mark W. Clemens, MD, FACS
- 2:00 **How does Radiation Affect Flaps?**
Albert Losken, MD
- 2:15 **Experience with Direct Implant Reconstruction and Radiation**
Amy S. Colwell, MD
- 2:30 **Is ADM Protective in the Radiated Breast?**
Steven Jacobson, MD
- 2:45 **Panel Discussion/Question and Answer**
Nolan S. Karp, MD
- 3:00 **Coffee Break**

LYMPHEDEMA SURGERY PANEL

- 3:15 **Basic Science of Lymphedema**
Babak J. Mehrara, MD
- 3:35 **Surgery to Treat Upper Extremity Lymphedema – Overall Strategy**
Joseph H. Dayan, MD
- 3:50 **Surgery to Treat Upper Extremity Lymphedema – How I Select the Donor Lymph Glands and Prevent Donor Site Morbidity?**
Mark L. Smith, MD
- 4:05 **Panel Discussion/Question and Answer**
Moderator: *Mihye Choi, MD*
- 4:25 **Adjourn**
- 7:00 pm **Gala Reception and Dinner**
NYU Kimmel Center – Washington Center (Rosenthal Room)

Course Registration

BREAST RECONSTRUCTION: STATE OF THE ART 2016

FRIDAY–SATURDAY, NOVEMBER 18–19, 2016

NYU Langone Medical Center, Alumni Hall, Classroom B, 550 First Avenue, New York, NY 10016

Register online at

www.med.nyu.edu/cme/breastrecon

Please do not reduce or enlarge this form.

PLEASE PRINT ALL INFORMATION CLEARLY IN BLOCK LETTERS AND NUMBERS.

After 12pm on November 16, 2016, only onsite registration is available, provided the course has not reached capacity. Onsite registrants will incur an additional \$20 charge and will receive a receipt by email in 1-2 weeks.

COURSE CONFIRMATION:

Please supply your email address to receive a confirmation letter. Make sure your email address is clearly written.

Degree _____ Day Phone () _____ Fax () _____

Email _____ Specialty _____
(REQUIRED FOR CME CREDIT)

☐ **Full Fee: \$975**

☐ **Reduced Fee*: \$475**

☐ **NYU Langone/NYU Lutheran Residents & Fellows: Waived** (must provide a valid NYU Langone/NYU Lutheran ID)

* Reduced Fee applies to current residents and fellows, nurse practitioners; all other non-physician healthcare professionals; and full-time active military personnel

☐ **Gala Reception & Dinner ONLY: \$100**

Note: Gala Reception and dinner admission is included in Full fee. Reduced fee registrants will need to purchase Gala ticket separate.

METHODS OF PAYMENT:

(Cash, email and phone registration are not accepted) If faxing, do not mail or refax. This will only result in a duplicate charge to your account. Registration is non-transferable.

☐ Check in U.S. Dollars only: \$ _____

☐ Credit Card Payment (see below)

☐ International Postal Money Order: \$ _____

(Foreign registrants, including those from Canada, must pay by International Postal Money Order or credit card.)

MAKE CHECK PAYABLE TO:

NYU Post-Graduate Medical School

SEND TO:

NYU Post-Graduate Medical School
P.O. Box 419252
Boston, MA 02241-9252

REFUND POLICY:

In order to request a refund, you must complete and submit our **online refund form no later than 14 days prior to the first day of the course. An administrative fee of \$75 will be deducted from your refund.** Cancellations or no-shows after this date are not eligible for a refund. Fax and email cancellations are not accepted.

COURSE CANCELLATION POLICY:

If a course is cancelled due to inclement weather, insufficient enrollment, or any other reason, NYU PGMS will refund registration fees in full. NYU PGMS will provide at least two weeks' advance notice if cancelling due to insufficient enrollment and as soon as possible in all other circumstances. NYU PGMS is not responsible for any airfare, hotel, or other non-cancellable costs incurred by the registrant.

PAYMENT BY CREDIT CARD: Credit card payments may be faxed to (212) 263-5293.

Bill To: ☐ Visa ☐ MasterCard ☐ American Express Amount to be charged: \$ _____
