

# RBSS 2016

June 7<sup>th</sup>

## Afternoon Instructional Courses

14.00 - 16.00

### Primary Breast Augmentation

Chairman: **Alberto Rancati**

- Marking: Avoiding mistakes (**Charles Randquist; José Luis Martín Del Yerro Coca**)
- Choosing the correct implant shape for every breast type (**Roy de Vita**)
- Tips and tricks used to choose the access and the plane (**Patrick Mallucci**)
- Fat grafting and breast augmentation: an alternative and/or a complement ? (**William P. Adams**)
- Double bubble, waterfall deformity, visible/palpable implant, jumping breast: Ways of preventing them (**Scott Spear**)
- Preventing capsular contracture (**William P. Adams**)

16.00 - 16.30

### Coffee break

16.30 - 18.30

### Breast reduction/mastopexy

Chairman: **Maurizio Nava**

- Large breasts: achieving the best compromise between stability of the result and morbidity (**Moustapha Hamdi; Maurizio Nava**)
- Upper pedicle(s): always safe and versatile? (**Luiz Fernando Frascino**)
- Maintaining long term upper pole definition (**Alberto Rancati; Ricardo Marujo**)
- Problems and solutions of the pos-bariatric breast reduction/mastopexy (**José Mendes Junior**)
- Vertical vs inverted T scar: immediate vs late Outcome (**Karl Heinz Breuing; Patrick Mallucci**)

# RBSS 2016

June 8<sup>th</sup>

## Morning Instructional Courses

8.00 - 10.00

### Implant based immediate BR

Chairman: **Karl Heinz Breuing**

- Indications for the DTI approach (**Karl Heinz Breuing**)
- Technical details in TE positioning (**Peter Cordeiro**)
- Tips and tricks in DTI (**Michael Schefflan**)
- Timing of TE substitution vs post op RT (**Steven Kronowitz**)
- ADM: Biological differences and their use (**Karl Heinz Breuing**)
- Morbidity and results in 2 stage BR (**Peter Cordeiro**)
- How to reduce complication rate with ADM (**Michael Schefflan**)
- Oncological safety and a realistic use of fat grafting (**Steven Kronowitz**)

10.00 - 10.30

### Coffee break

10.30 - 12.30

### Mastopexy and revision augmentation

Chairman: **Scott Spear**

- Strategies used in mastopexy of previous augmented breasts (**Alberto Rancati; Charles Randquist**)
- Pu implants in revisional augmentation/mastopexy (**Stefano Pompei**)
- Fat grafting in complicated revisional surgeries (**Andrea Grisotti**)
- Autologous and eterologous materials in revisional augmentation/mastopexy (**Scott Spear; Patrick Mallucci**)
- Different implants choices for mastopexy augmentation and revisional cases (**José Luis Martín Del Yerro Coca**)
- How to approach difficult revisional cases (**Luiz Fernando Frascino**)

12.30 - 13.30

### Lunch with faculty

# RBSS 2016

June 8<sup>th</sup>

Congress

13.45 - 14.00

Opening e Welcome

**Roy de Vita; Stefano Pompei**  
**Giorgio De Santis** (*SICPRE President*)

14.00 - 15.45

Videoconference from NY – Sloan Kettering Cancer Center

Chairman: **Peter Cordeiro**

- **Virgilio Sacchini**: Breast Cancer Surgery: Impact today and in the future – what are we expecting
- **Cliffors Hudis**: Adjuvant and Neoadjuvant chemotherapy: Morbidity in BR: development and relapse
- *Lectures by the PRS team:*
  - Evan Matros**: Cost effectiveness of implants versus perforator flaps
  - Colleen McCarthy**: Update on the ALCL and implant controversy
  - Joseph Dayan**: Lymphatic surgery-an update
  - Robert Allen Jr**: Thigh and buttock flaps

Live discussion with audience

15.45 - 16.45

The Gladiators' Fight – 2 vs 2 fighters

Referee: **Scott Spear**

2stage BR: when and why

**Peter Cordeiro** & **Steven Kronowitz**

vs

Direct To Implant

**Michael Scheflan** & **Karl Heinz Breuing**

Summary and Voting Session

16.45 - 17.15

Coffee break

17.15 - 18.15

**DTI & ADM: their uses and how to reduce the complication rate**

Chairman: **Karl Heinz Breuing**

Summarizer: **Jian Farhadi**

- Human derived ADM (**Scott Spear**)
- Bovine ADM (**Michael Schefflan**)
- Porcine ADM (**Roy de Vita**)
- Meshes (**Stefano Pompei**)

**Summary and Final Discussion**

18.15 - 19.15

**Autologous BR**

Chairman: **Stephen Mc Culley**

Summarizer: **Moustapha Hamdi**

- Diep flap: simplify the preop planning and sculpturing (**Christoph Andree** )
- Preventing mistakes with perforators dissection and recipient vessels (**Jaume Masia**)
- When and which “non abdominal” flap? (**Jian Farhadi**)
- The autologous alternative with LD: when and how (**Fabio Santanelli di Pompeo**)

**Summary and Final Discussion**

**RBSS 2016**

**June 9<sup>th</sup>**

**Congress**

08.15 - 09.45

**BCT: how to reduce morbidity and improve results**

Chairman: **Valerio Cervelli**

Summarizer: **Christoph Andree**

- The oncological orientation and indication for the oncoplastic Surgery (**Michael Douek**)
- NSM in the large and ptotic breast: risks and reconstructive alternatives (**Jian Farhadi**)
- Glandular flaps in oncoplasty: simplifying the approach and choice vs tumor site (**Stephen Mc Culley**)
- Extreme BCT: reducing number of mastectomies? (**Douglas McMillan**)
- A realistic role of the chest wall perforators flaps in Oncoplasty (**Moustapha Hamdi**)
- SRM: how to improve the results and reduce the morbidity (**Benjamin Sarfati**)

**Summary and Final Discussion**

09.45 - 10.45

**The Boxing Ring – 2 vs 2 fighters**

Referee: **Andrea Grisotti**

**Fat grafting and the oncological breast: “free use”**

**Steven Kronowitz & Alberto Rancati**

vs.

**“Restrictions”**

**Peter Cordeiro & (Benjamin Sarfati)**

**Summary and Voting Session**

10.45 - 11.15

**Coffee break**

11.15 - 12.15

**Revisional BR: different ways of approaching major complications**

Chairman: **Douglas Mc Millan**

Summarizer: **Steven Kronowitz**

- **Alberto Rancati**
- **Stephen Mc Culley**
- **Christoph Andree**
- **Jaume Masià**

**Summary and Final Discussion**

12.15 - 13.15

**Industries tribune**

Chairman: **Michael Scheflan**

13.15 - 14.15

**Light Lunch**

14.15 - 16.00

**Experts’ messages regarding Mastopexy/Augmentation**

Chairman: **Maurizio Nava**

Summarizer: **José Luis Martín Del Yerro Coca**

- How one chooses the access and plane in Augmentation Mastopexy (**Ricardo Marujo & Luiz Fernando Frascino**)
- The criteria in choosing implant size and shape (**Charles Randquist & Patrick Mallucci**)
- How to prevent typical problems and deformities in mastopexy with implants (**Maurizio Nava & José Luis Martín Del Yerro Coca**)
- Tips for using fat in b. augmentation with or without mastopexy (**Andrea Grisotti & Eric Auclair**)

**Summary and Final Discussion**

16.00 - 16.30

Coffee break

16.30 - 17.30

The Wrestling Ring – 2 vs 2 fighters

Referee: **William P. Adams**

Round Implants supporters  
**José Mendes Junior & Ricardo Marujo**

vs.

Anatomical Implant users  
**Jian Farhadi & Charles Randquist**

Summary and Voting Session

17.30 - 19.00

Particular arguments regarding Special Breasts

Chairman: **Fabio Santanelli di Pompeo**

Summarizer: **Stephen Mc Culley**

- Fat grafting and the tuberous breast (**Andrea Grisotti**)
- The ex-obese breast (**Fabio Naccache**)
- The revisional breast: the actual role of ADM/Meshes (**Karl Heinz Breuing**)
- The ALCL Lymphoma and breast implants (**Maurizio Nava**)
- The contracted breast (**Scott Spear**)
- The breast with a “broken implant” (**William P. Adams**)

Summary and Final Discussion

# RBSS 2016

June 10<sup>th</sup>

Congress

8.15 - 9.15

## International RBSS 2016 Challenge

The Experts Commission:

Chairman: **Michael Douek**

Judges: **Luiz Fernando Frascino** & **Eric Auclair**

9.15 - 10.15

## The Full Contact Ring – 2 vs 2 fighters

Referee: **Maurizio Nava**

the “Only implant Team”

**Per Heden** & **Patrick Mallucci**

vs

the “Composite approach Team”

**Eric Auclair** & **Andrea Grisotti**

Summary and Voting Session

10.15 - 10.45

Coffee break

10.45 - 12.00

## Breast Reduction

Chairman: **Benjamin Sarfati**

Summarizer: **Patrick Mallucci**

- Periareolar – Vertical scar breast reduction (**Ricardo Marujo**)
- Inverted T techniques: immediate shape vs a scar ? (**Luiz Fernando Frascino**)
- How to improve the upper pole fullness (**William P. Adams**)
- Stabilize the result in breast reduction: the alloplastic option (**Moustapha Hamdi**)
- Realistic use of liposuction/lipomodelling in breast reduction (**Eric Auclair**)

Summary and Final Discussion

12.00 - 13.15

**Revisional Surgery in Complicated Breast Reduction**

Chairman: **Ricardo Marujo**

Summarizer: **Moustapha Hamdi**

**Topic:** “How one deals with very difficult secondary cases”

**William P. Adams; José Luis Martín Del Yerro Coca; Luiz Fernando Frascino;  
Per Heden; Patrick Mallucci**

**Summary and Final Discussion**

13.15 – 13.30

**Closure and RBSS 2018 Presentation**

**Stefano Pompei; Roy de Vita**
