

Scandinavian Flap Course Uppsala

14-16 October 2015, Uppsala, Sweden

Organization:

Department of Plastic and Maxillofacial Surgery, Uppsala University Hospital and Department of Medical Cell Biology, Uppsala University

Venue:

Uppsala Biomedical Center (BMC) and Uppsala Learning Lab, Uppsala University

Endorsed by:

Swedish Society for Reconstructive Microsurgery (SFRM)
Swedish Society for Plastic Surgery (SPKF)

Course Description:

This educational activity has been designed to address the needs of residents in plastic surgery and hand surgery, wishing to learn flap dissection. The structure of the course consists on lectures of "Step-by-Step Flap Harvest" followed by practice in cadavers, seminars focusing on clinical applications and a learning activity at the Uppsala Learning Lab where the participants will work in groups to solve clinical cases in an interactive IT-setting.

Participants and Course Fee:

- Plastic Surgery or Hand Surgery Residents
- 20 available places (admission by order of inscription)
- Course Fee: 6500 SEK (including coffee breaks, lunch, course dinner and flap course manual)
- Diploma of completion certified by Uppsala University and Uppsala University Hospital

Language:

English

Contact and Registration:

Course Secretary: ingela.b.karlsson@akademiska.se

Faculty

Course Directors

Andres Rodriguez, MD, PhD
Plastic Surgeon, Director of Microsurgery
Uppsala University Hospital

Mats Hjortberg, PhD
Senior Lecturer, Department of
Medical Cell Biology,
Uppsala University

Faculty

Maria Mani, MD, PhD
Plastic Surgeon
Uppsala University Hospital

Daniel Nowinski, MD, PhD
Chief of Plastic Surgery and Craniofacial.
Uppsala University Hospital

Magnus Kjelsberg, MD
Plastic Surgeon
Uppsala University Hospital

Martin Halle, MD, PhD
Plastic Surgeon
Karolinska University Hospital,
Stockholm

Paolo Sassu, MD
Hand and Orthopedic Surgeon
Sahlgrenska University Hospital,
Gothenburg

Sora Linder, MD
Plastic Surgeon
Uppsala University Hospital

Haytham Bayadsi, MD
Lecturer in Anatomy. Department of
Medical Cell Biology.
Uppsala University

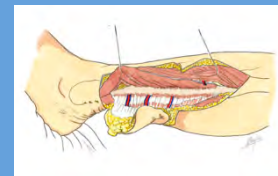

Malin Hakelius, MD, PhD
Plastic Surgeon
Uppsala University Hospital

Program

Wednesday 14		Thursday 15		Friday 16	
8:00-8:30	Registration Welcome to the course	8:00-8:30	Lecture: Thoracic and Abdominal Flaps	8:00-8:30	Lecture: Head and Neck Flaps
8:30-9:00	Lecture: Lower Extremity Flaps				
9:00-12:00	Dissection Workshop 1: Lower Extremity Flaps	8:30-12:00	Dissection Workshop 3: Thoracic and Abdominal Flaps	8:30-12:00	Dissection Workshop 5: Head and Neck Flaps, Fibula and Iliac Crest
12:00-13:00	Group Picture and Lunch	12:00-13:00	Lunch	12:00-13:00	Lunch
13:00-13:30	Lecture: Upper Extremity Flaps	13:00-13:30	Lecture: Gluteal and Lumbar Flaps	13:00-14:00	Seminar: Clinical Scenarios Head and Neck Reconstruction
13:30-16:30	Dissection Workshop 2: Upper Extremity Flaps	13:30-16:30	Dissection Workshop 4: Gluteal and Lumbar Flaps		Uppsala Learning Lab: Interactive Clinical Case Discussions
16:45-17:45	Seminar: Clinical Scenarios Extremity Reconstruction	16:45-17:45	Seminar: Clinical Scenarios Breast and Trunk Reconstruction	14:15-16:30	
19:00	Welcome Dinner	19:00	Course Dinner	16:30	Closing Remarks and Diploma

Course Philosophy

Intensive hands-on anatomical dissection of the most useful flaps in reconstructive surgery, under close guidance and with emphasis on clinical applications
